Double Color Ball prize table

Visualized by red-ball hits, blue-ball hits, tier condition, and reference value.

Ticket structure

6 red from 1-33 + 1 blue from 1-16

Fixed tiers show USD on top and RMB beneath. Floating tiers remain marked as variable.

Tier	Visual match	Winning requirement	Prize (RMB)	USD ref.	Type / notes
Tier 1		6 red + 1 blue	Variable	Draw-specific	Floating prize; official announced amount prevails.
Tier 2		6 red	Variable	Draw-specific	Floating prize; official announced amount prevails.
Tier 3		5 red + 1 blue	RMB 3,000	USD 433.30	Fixed
Tier 4		5 red OR 4 red + 1 blue	RMB 200	USD 28.89	Fixed
Tier 5		4 red OR 3 red + 1 blue	RMB 10	USD 1.44	Fixed
Tier 6		1 blue	RMB 5	USD 0.72	Fixed
Lucky Prize		Any 3 red	RMB 5	USD 0.72	Applies only during the Lucky Prize activation period under the official rule.

Lucky Prize note: the 2026 rule adds a Lucky Prize tier when the official activation conditions are met. During that active period, any ticket hitting exactly 3 red balls wins RMB 5.

Super Lotto prize table

Visualized by front-area hits, back-area hits, tier condition, and pool-threshold fixed-prize levels.

Ticket structure

5 front-area numbers + 2 back-area numbers

Tiers 3-7 are fixed but split into two payout bands depending on the official pool threshold.

The current Super Lotto summary page focuses on the main basic-bet prize structure. Additional-bet payouts and local settlement details are still subject to the official announced result and applicable claim rules.

Claim rules and FX note

Operational notes to accompany a downloadable summary version for website users.

Item	Practical note for users
Winning ticket	The winning ticket is the only claim credential.
Claim window	Claim within 60 calendar days from the draw date.
Official settlement currency	RMB. USD figures in this guide are reference values only.
Top-tier prizes	Where a prize is variable or variable with a cap, the official announced draw result prevails.
Identity / compliance	Claiming institutions may inspect both the ticket and valid identity documents in accordance with the official rules.

FX method used in this PDF

Benchmark date stated by the client: 2026-03-01. Because that date falls on a non-business day, the guide uses the next available official RMB central parity rate: 100 USD = 692.36 CNY. Approximate conversion used for reference: 1 CNY ≈ USD 0.14443.

This claim / FX page keeps the operational notes separate from the prize tables so the core prize pages stay cleaner and easier to scan.

Source basis and usage disclaimer
